

Please review this application or contact OMU to learn our program details and the available incentive. For measures implemented beginning July 1, 2011.

OMU recommends completing an energy audit performed prior to any energy efficiency retrofit. An energy audit identifies the areas where your energy efficiency investment returns the most savings with the shortest payback. To qualify for OMU incentives, **OMU staff must review each project prior to any retrofits.**

Resources:

Commercial	Funding: USDA Rural Energy for America Program (REAP). Guides: Free 50% & 30% Advanced Energy Design Guides	<a href="http://www.farmenergy.org/tools/reap-faq">www.farmenergy.org/tools/reap-faq</a> <a href="http://www.ashrae.org/publications/page/aedg50pct">www.ashrae.org/publications/page/aedg50pct</a>
Industrial	Iowa State's Center for Industrial Research and Service (CIRAS).	<a href="http://www.ciras.iastate.edu/energy/">www.ciras.iastate.edu/energy/</a>

To qualify, OMU must supply the fuel, electric or gas, to the applicant's property. Preapproval by OMU Staff is required.  
Attach copies of sales receipts and installer's invoices.

Lighting

Prior to installing any incentivized lighting, contact OMU to verify funding is available and that your project meets the program's requirements.  
[www.energystar.gov/buildings/facility-owners-and-managers?](http://www.energystar.gov/buildings/facility-owners-and-managers?)  
[www.energy.gov/public-services/commercial-buildings](http://www.energy.gov/public-services/commercial-buildings)  
[www.designlights.org](http://www.designlights.org)

Variable Frequency Drives

VFDs save electricity and money by allowing the HP used by the motor to be adjusted by the load.  
Some issues that need to be addressed prior to installation: power line harmonics, transmission line effects and shaft voltage. Your sales engineer can address these issues.  
Prior to installing any incentivized VFD, contact OMU to verify funding is available and that your project meets the program's requirements.

Commercial Kitchen Equipment

The ENERGY STAR Guide for Restaurants for energy and water saving recommendations. [http://energystar.gov/ia/partners/publications/pubdocs/restaurants\\_guide.pdf](http://energystar.gov/ia/partners/publications/pubdocs/restaurants_guide.pdf)  
ENERGY STAR also has recommendations for most commercial food service equipment. <https://www.energystar.gov/products/certified-products>

Insulation

OMU recommends an energy audit to determine the optimum amount of insulation followed by a professional installation. Attach a copy of the energy audit if the project is self-installed. OMU does offer free weatherization audits for commercial properties that can satisfy this requirement. Contact OMU to schedule a weatherization audit appointment prior to any self-insulation improvements you plan to include in this application.  
Structures built after December 31, 2000 are not eligible.  
Program excludes new construction: additions, garages, sheds and workshops.

Heating and Cooling Equipment

ENERGY STAR Light Commercial Heating & Cooling [www.energystar.gov/index.cfm?fuseaction=find\\_a\\_product.showProductGroup&pgw\\_code=LCA](http://www.energystar.gov/index.cfm?fuseaction=find_a_product.showProductGroup&pgw_code=LCA)  
Tax Deductions for Commercial Buildings [www.energystar.gov/index.cfm?c=tax\\_credits.tx\\_comm\\_buildings](http://www.energystar.gov/index.cfm?c=tax_credits.tx_comm_buildings)

Program Terms and Conditions

OMU does not guarantee that the installation and operation of energy efficiency equipment will result in reduced usage, demand or cost savings. OMU makes no warranty of merchantability or fitness for a particular purpose. In no event shall OMU be liable for any incidental or consequential damages or injuries resulting from defective equipment or installation.

These incentives are offered on a first come, first served basis. OMU reserves the right to cancel or change these programs at any time. OMU's acceptance of this application does not guarantee payment of the incentive. Prior to any payment of incentive, OMU reserves the right to verify sales transactions and installation.

**Incentive payments will be in the form of a credit to the customer's utility account.**

OMU will not be responsible for any tax liability that may be imposed on the customer as a result of the payment of incentives.

OMU does not endorse any particular manufacturer, product, system design, claim or retailer in promoting this program.
